Signature

**Telephone Interview Summary**

An Applicant initiated telephone interview was conducted between Applicants' Representative and Examiner Chambliss on June 17, 2005. During the interview, the Examiner confirmed that the Restriction Requirement of June 2, 2005 required an election between independent method claim 1 and independent method claim 16. Applicants' Representative respectfully contended that claim 1 is a generic claim as defined in M.P.E.P. § 806.04(d) since claim 16 contains all the limitations of claim 1. Examiner Chambliss did not render a decision but invited Applicants' Representative to file a response to the restriction requirement. No exhibits were shown. No demonstrations were conducted.
